

High-Protein Strawberry & Almond Butter Overnight Oats Are the Best Make-Ahead Breakfast

These creamy overnight oats are packed with protein thanks to Greek-style yogurt and almond butter, making them a satisfying grab-and-go breakfast. Prep them the night before for an easy, nourishing start to your day. While oats are naturally gluten-free, they may be contaminated during processing. If you're following a gluten-free routine, be sure to buy oats specifically labeled gluten-free.
