Total Time: 55 mins

Servings: 6

Yield: 12 cups

Nutrition Profile:

Nut-Free Dairy-Free Soy-Free Vegan Vegetarian Egg-Free Gluten-Free

Ingredients

2 tablespoons extra-virgin olive oil

1 medium onion, chopped

2 medium carrots, chopped

2 stalks celery, chopped

1 medium red bell pepper, chopped

2 cloves garlic, minced

1 ½ teaspoons Italian seasoning

½ teaspoon ground pepper

¼ teaspoon salt

8 cups low-sodium vegetable broth

1 medium head green cabbage, halved and sliced

1 large tomato, chopped

2 teaspoons white-wine vinegar

Directions

Step 1

Heat oil in a large pot over medium heat. Add onion, carrots and celery. Cook, stirring, until the vegetables begin to soften, 6 to 8 minutes. Add bell pepper, garlic, Italian seasoning, pepper and salt and cook, stirring, for 2 minutes.

Step 2

Add broth, cabbage and tomato; increase heat to medium-high and bring to a boil. Reduce heat to maintain a simmer, partially cover and cook until all the vegetables are tender, 15 to 20 minutes more. Remove from heat and stir in vinegar.

Equipment

Large pot

Frequently Asked Questions

Is this recipe vegan?

Yes, this recipe is vegan-friendly.

What is in a cabbage soup diet recipe?

There are plenty of cabbage soup diet recipes out there and all of them have one (obvious) ingredient in common: cabbage. Cabbage is low in calories and offers plenty of fiber that can help fill you up and keep you feeling satisfied. From a culinary perspective, cabbage is fairly mild compared to some of its cruciferous cousins like kale and broccoli. That makes it the perfect addition to a low-calorie soup, along with other nonstarchy veggies like peppers, celery and carrots. To keep the calories down even further, cabbage soup diet recipes like this one feature a brothy base. The sodium in this recipe is kept in check by using low-sodium broth and a small amount of added salt. White-wine vinegar adds just a touch of tanginess, which helps balance the flavors.

Will this soup help me lose weight?

This soup is packed with 7 grams of fiber, which helps to keep you fuller longer. If you're looking to lose weight, consider adding the Weight-Loss Cabbage Soup to your diet plan along with a balanced exercise routine.

I don't have Italian seasoning, what can I use instead?

You can make your own Italian seasoning blend with dried herbs from your pantry, like oregano, basil, thyme, sage and rosemary. Store in an airtight jar for up to 6 months. Or substitute with 1 teaspoon dried oregano and ½ teaspoon dried basil for a simple swap.
